Prestwich Preparatory School cater for the needs of your children.

High expectations along with individual support and challenge in a small, nurturing environment allows them to flourish in their formative years, providing an excellent foundation for the next stage of their education - whether this is in one of the local independent Grammar Schools or state schools.

Many of their children transition into one of the local Grammar Schools and they have an excellent track record of success with this.

For children who come to the school not yet meeting age expectations, they provide individual support - extra tailored lessons and a little and often

approach to homework to consolidate their learning.
