An EXTENSION creates a sti

From start to finish our extension, Your Choice has built on our home, has been amazing and faultless.

They offered us a few design ideas, we picked the one we liked best and from then on everything was done for us, we just sat back and let the builders do their work.

The builders couldn't have been friendlier, and the site was always left really clean and tidy. Our new extension was finished on time and to a very high standard - everyone loves it!

# **HELPING YOUR CHILD FLOURISH**

# Prestwich Preparatory School cater for the needs of your children.

High expectations along with individual support and challenge in a small, nurturing environment allows them to flourish in their formative years, providing an excellent foundation for the next stage of their education - whether this is in one of the local independent Grammar Schools or state schools.

Many of their children transition into one of the local Grammar Schools and they have an excellent track record of success with this.

For children who come to the school not yet meeting age expectations, they provide individual support - extra tailored lessons and a little and often approach to homework to consolidate their learning
